Code 00247
Name DC/TM
VHF 156-163 Mhz
1,5 mt (typical 5 ft antenna)
Ferrule chrome plated brass

- **Typical strong, highest quality VHF antenna for Professional installations**
- **High Performance**
- **Omnidirective**
- **Chrome plated brass ferrule**
- **Polyhurethane High Gloss white paint**
- **For Class Big Yacht Leisure Power Boat**

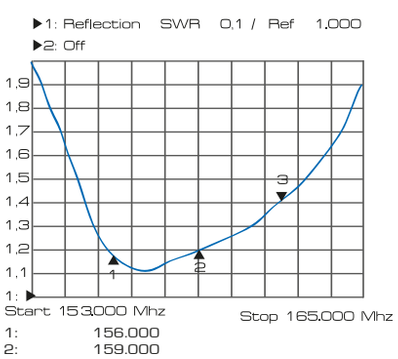

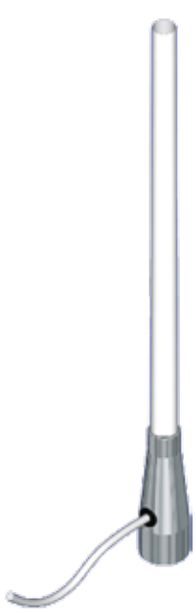

MECHANICAL FEATURES

Length	1,50 mt (4,9 ft)
Weight	0,600 kg
Sections	1
Structure	Epoxy fiberglass
Finishing	IR paint
Colour	White
Ferrule	Chrome plated brass
Chromium plating	20m copper,
	20m nickel, 5m chrome
Working temperature	-35C +80C
Wind resistance	200 Km/h
Base torsion force	50 N at wind max speed
Base Installation	on fitting 1"-14

ELECTRICAL FEATURES

Frequency	156 - 163 Mhz
Impedance	50 Ohm
SWR	1,2
Gain	3 dbi
Max Power	50 W
Polarization	Vertical
Horizontal Irradiation	360°
Vertical Irradiation	60°
Termination	6,6 mt cable RG58 C/U MIL C/17
Lighting protection	Yes
DC closed	Yes
